MENU 2025

ALOHA!

Welcome to the Kailua Universe. We want to tell you a little of our story. It's a story of dreams, passions and magic. A dream of creating something magical that makes people happy, like this little paradise by the sea.

Kailua was born in March 2013, and it's been a magical journey, with so many stories, smiles, tears and hugs. These footprints can't be erased by the tide! This is the strength of our essence. The motto is to welcome those who come here so that they can escape the routine and noise of everyday life, to be their safe haven for creating happy memories with those they love, so that they don't forget to celebrate life. Feet in the sand and the smell of the sea make all the difference, and the Kailuan family guarantees that experience!

Yes, we are a family that unites in challenges and achievements. We are governed by values that are the pillars of our essence. And that's why we want to share our passion with you. The music, the atmosphere, the people, the details and the care of our beach all come together to create unique experiences that soothe the soul. The food and drink are our delicious creations that complete your experience in this place we call home.

Make yourself at home, relax and... Feel the magic!

06

► WE RESPECT THE ENVIRONMENT

We respect the environment and the beach, which is where our company lives. We know how sensitive the environment is, which is why, in addition to recycling oils, paper, glass and other products, we are committed to reducing plastic and taking care of the dunes by preserving them, improving access and promoting beach clean-ups in actions with our customers.
